- 2. Stay cool indoors.** Head to a place with air conditioning to cool off for a few hours. Call your health department to find heat-relief shelters.
- 3. Don't leave children or pets in cars.** Cars can heat up to dangerous temperatures. When leaving, check that everyone is out of the car.

- 5. Pace yourself.** If exercising or gardening, go at a slower speed.
- 6. Take a shower.** Cold water can help lower your body temperature.

RESIDENT RECYCLE RESPONSIBLY PROGRAM (R3P)

Sign up for the
RESIDENTS RECYCLE RESPONSIBLY PROGRAM (R3P)

Pledge your Commitment
to Recycle Right

R3P PILOT PROGRAM

- **Problem** – Fort Hood Family Housing (FHFH) resident recycling has been contaminated since the beginning of COVID, forcing all refuse and recycled materials into the Landfill.
- **Concept** – Offer residents voluntary participation in the recycle pilot program. Starts by acknowledging and signing “The Pledge”. “The Pledge” is a symbolic promise to keep blue recycle bins free of contamination. At signing resident will receive a 5 – 10 mins training and information indicating what’s permissible recycling and the refuse company will deliver the recycle bin.
- **Blue Recycle Bin (95 Gal)** - As part of this pilot program, FHFH is acquiring 1,500 blue recycle bins.
- **Recycle** – Blue recycle bins will be picked up twice a month. **Refuse Bin (95 Gal Black/Brown)** - All homes will be provided with ONE bin for refuse per family and picked up once a week.
- **Inspections** – During the pilot program all blue recycle bins will be subject to random inspections by the refuse contractor.
- **Penalties** – There are no penalties, however residents will be removed from the program if they don’t keep blue recycle bins free of contamination.
- **Benefit** – Proceeds from clean recycled materials will go back into Fort Hood to support a variety of post activities in support of Army Families. Also, reduce the volume of waste in our landfills.
- **Other Bins** – Green and small compost bins will be recovered by the refuse company at the onset of the program
- **Blue Recycle Bin Removal** – At move out the refuse company will remove the recycle bin.
- **Timeline** – Program implementation is anticipated to be in the next 60 to 90 days.

COMMUNITY SERVICES COUNCIL MEETING – 20 July 2022

R3P PILOT PROGRAM

- **Step 1** – Residents can opt-in to participate in R3P program and sign “The Pledge”
- **Step 2** – Current recycle containers will be collected from each home
- **Step 3** – A New Blue Recycle container will be delivered
- **Step 4** – Recycle bins will be inspected regularly to ensure no contamination is deposited
- **Step 5** – Prizes and Rewards (Incentives) – Ideally, every quarter the winning neighborhood will be rewarded e.g. a pizza party for the residents in the program. More prizes and rewards for recycling will be added as the program grows. MTF.
- **Step 6** – Funds collected from recycle will be used by Fort Hood Recycle for community events like annual Fireworks, etc.
- **Step 7** – Evaluation - The pilot program will be continually reviewed during the first 12-month cycle.

PLEDGE

RESIDENTS RECYCLE RESPONSIBLY PROGRAM (R3P)

Why Recycle? It is the Right Thing to Do!
Did you know that Fort Hood Recycle sponsors events like the fireworks for the 4th of July Independence Day celebration, music on the lawn series, UFC fights, Oktoberfest, Month of the Military Child and other Soldier and Family events? Fort Hood Recycle gives back over \$100,000 annually to support these community events.
While most plastic, paper, metal, and glass trash are technically recyclable, right now not all material is profitable to recycle. The great challenge is Load Contamination.
The success of the Resident's Recycle Responsibility Program (R3P) is contingent on keeping contaminants out of the recycle bin.

Fort Hood Family Housing will provide one Blue Recycle Bin per family to collect recyclable materials.
No need to bag recycle items with Single Stream. Place all loose items in the recycle bin.
*Shredded paper is the only exception to the no-plastic bag rule.

YES, PLEASE!
only commingle the following acceptable recyclables and be sure to remove all food and liquids from the containers

Cardboard	Plastic	Metal	Paper	Glass
Cereal Boxes Food Boxes Pizza Boxes Packing Boxes	Plastics 1-7 Jugs Bottles Soybean #6	Soft Cans Tin Cans Steel Cans Aluminum Cans	Magazines Newspapers Office Paper Catalogs/Books	Bottles Jars

NO, THANKS!
Keep these out of single stream recycling

Diapers	Needles	Hazardous Materials	Food Waste
Plastic Bags, Film, and Wrappers	Animal Waste or Animal Parts	Furniture	Batteries
		Ammunition	

Items listed in the "No, Thanks!" section will prevent the proper processing of recyclable materials. Tanglers, such as plastic bags, textiles, rope, hoses, wires, and cords will interfere with sorting equipment, requiring maintenance, which increases cost and jeopardizes worker safety.

Blue Recycle Bin Inspection:
Blue Recycle Bins will be inspected weekly at random by FHH, Inland, and DPW.
Recycle bins containing contaminating items will be tagged and be left unemptied.
Residents will be responsible for removing contaminants out of the recycle bin.
Failure to remove the contaminants for more than two cycles (2 weeks) will result in removing the resident from the program and repossession of the blue recycle bin.

Fort Hood Recycle Program:
Fort Hood Recycle Center located off 72nd Street and Railroad Drive. Access to Fort Hood Recycle Center is available for anyone living on or off post.

Fort Hood Classification Unit:
Recycle household hazardous waste products & residential electronic waste at the Classification Unit.
Location:
Building 1348,
Ivy Division Rd. & 37th St.
Mon-Fri. 8 - 1 am & 1:30 pm

RESIDENTS RECYCLE RESPONSIBLY PROGRAM (R3P)

A Commitment to Recycle Right

Would you like to be part of a movement to Recycle Right at the Great Place? Then we want YOU! Sign up at your community office for a Blue Recycle Bin and Pledge to commit to recycle cardboard, paper, plastic & glass bottles, and cans.

Education counseling services have shifted temporarily to a by-appointment system. Please contact the ESD org box at usarmy.hood.id-readiness.mbx.dhr-esd-counseling@army.mil or contact us by phone to request an appointment at (254) 287-4824.

Unit Briefings

Sometimes it's easier for one Education Services Division (ESD) team member to come to your unit to provide a briefing on Tuition Assistance, Credentialing Assistance, Education Opportunities, VA Benefits, ect. than for your soldiers to trickle in and back to work in a timely manner. If you would like ESD to come to your unit to provide a briefing on anything education related (we can even bring our on post school representatives if requested) please contact our Unit Program Manager, Jennifer Anderson, at Jennifer.m.anderson66.civ@army.mil to get a briefing scheduled.

Unit Classes

Do you support Soldier education and are looking to make that easier for your soldiers? Our 5 on-post schools can support unit classes. Unit classes are courses you've identified as a need—for example, perhaps you have 10 soldiers who need a basic writing class or Algebra 101. The best time for your soldiers is during lunch or perhaps 9:00 am - 10:00 am is the best time for your unit—you set the course, you set the time, you set the location (some units have space within their unit or it can be held at ESD). ESD then coordinates with one of our 5 on-post schools to make the magic happen. In addition, our schools can offer non-credit professional improvement sessions. For example, if you are looking for a lunch-time session (or anytime session) for your supervisors on Writing Appraisals or How

Fort Hood Community Information Sheet

to Provide Effective Appraisal Feedback, etc, then our on-post schools can assist in meeting your needs. There needs to be a minimum of 30 business days lead time in order to establish unit classes. Contact our College Program Manager if you are interested in learning more about establishing Unit Classes or non-credit sessions. Ms. Judkins can be reached at frances.c.judkins.civ@army.mil

Tuition Assistance/Credentialing Assistance

If you have not used TA/CA within the last 12 months, you are required to attend a Tuition Assistance (TA)/Credentialing Assistance (CA) Briefing. Briefings are offered Tuesday, 9:30 am & Wednesdays, 1:30 pm — no pre-sign-up required. Unit briefings can be accommodated upon request.

Testing

Testing is available by appointment for the Army Personnel Testing (APT) such as AFCT, DLPT, DLAB, OPI, SIFT, TABE, ECLT, or Air Force (AFTADL), etc. Our APT test scheduling process is undergoing some changes. While we finalize that process, please contact testing at (254) 287-4292 to schedule an appointment.

Basic Skills Education Program (BSEP)

The Commander's primary on-duty education program provides remediation in reading, mathematics, and test taking skills. The goal of the program is to raise GT scores for career advancement and reenlistment purposes, improve performance in training and job proficiency, hone math skills in preparation for BNCOG, and increase potential for completing college or technical education programs. Contact the BSEP office at (254) 287-4292 or (254) 287-7605 to learn more or get scheduled.

CLEP or DSST Testing

CLEP: The College-Level Examination Program (CLEP) is a series of computerized examinations in 34 introductory college subjects that allow individuals to earn college credit for what they already know about the subject regardless of how that knowledge is acquired. CLEP exams are 90 minutes long and are administered on computer. Test examinee receives instant score reports following completion of the

Fort Hood Community Information Sheet

exam with the exception of College Composition. The exams are made up primarily of multiple-choice questions; however, some exams do have fill-ins.

DSST: Through DANTES Subject Standardized Tests (DSSTs) exams, Service members and civilian learners can demonstrate that they have knowledge comparable to someone who completed the classroom course in the subject. DSSTs are offered in a variety of areas including various aspects of business, mathematics, subjects within social sciences, physical science, and humanities as well as foreign languages.

CLEP and DSST exams are free to Active Duty military. While offered via Central Texas College (CTC) Military personnel must first stop by your Education Center prior to requesting CLEP or DSST exams!

Higher Education Track (VOW)

This two-day workshop will assist in making the transition easier from the Army to College Classroom and on to the Job Market with the right degree. Workshops are held every Tues/Wed or Thurs/Fri from 8:00 am – 4:30 pm. Sign-up by completing a registration form at the Education Center Front Desk Bldg. 33009, room D213.

Career Skills Program (CSP)

The Army Career Skills Program allows Soldiers to gain vital experience in the civilian sector through (pre)apprenticeships, on-the-job training, employment-skills training, and internships during their last 180 days in the Army. Contact the CSP staff for more information (254) 287-6518 Bldg. 33009, G261.

Transition Assistance Program (TAP)

<https://www.facebook.com/FortHoodSFLTAP>
(254) 288-2227/5627

Transition Assistance Program (TAP) is the lead Army agency charged with assisting commanders in executing their Veterans Opportunity to Work (VOW)/National Defense Authorization Act (NDAA) mandated transition mission. TAP is critical to Army readiness. TAP spearheads transition efforts by providing full-spectrum services to Soldiers, Retirees, eligible DA Civilians, and their families. Army policy requires all Soldiers begin statutory VOW/NDAA transition actions no later than 366 days prior to separation; 24 months prior to mandatory retirement date; and immediately upon identification for any un-programmed loss. All must complete every required Career Readiness Standard (CRS). Soldiers train during the duty day, and receive mandated counseling, as well as a host of employment life skills training (resume, salary negotiations, etc.) key to highly successful transition to civilian life.

The foundation for Active Duty Soldiers transition activities is the mandatory Five-Day VOW Workshop. TAP trains 235 Soldiers, 41 weeks a year. All classes are separated by rank; target a tiered audience; and welcome spouses. Weekly Senior (SFC and above), and bi-monthly Executive (SGM/LTC and above) Workshops are tailored to their unique needs. Optional Two-day Seminars, in the areas of Career Technical (Trade School); Higher-Education (College/University); Entrepreneur Tracks; are available to all Soldiers, Retirees and their families. Currently during COVID, all classes and training are conducted in person. Fort Hood TAP will enforce the III Corps Commander's COVID policy.

All COVID precautions are in place. Soldiers still have the option to conduct The NDAA Act workshop via JKO or the Virtual Center.

Unique to Fort Hood is the Army 101-Employer Day. Preparing Soldiers for transition is only half of the equation. Fort Hood realizes most industry hiring processes target college graduates and within-industry employees of competitors; Soldiers are neither. Therefore, Fort Hood TAP developed the Army 101 Seminar to educate industry leaders on the value of Soldiers as preferred employees. Army 101 teaches industry to retool their internal process to recruit, vet, hire and retain more Soldiers.

Additional transition opportunities authorized under the VOW/NDAA included participation in up to 22-weeks of on-duty Career Skills Programs (CSP) offered by industry, during a Soldier's final 180 days on active duty. Graduation results in the high probability of employment. Seats are limited and selection is

Fort Hood Community Information Sheet

highly competitive. Soldiers must be in good standing with the command; on track for an honorable discharge; have support of their Battalion Command Team; and commit to achieving the highest of industry standards. Current Fort Hood CSP operating at Fort Hood include 21 approved training programs ranging from 5 – 21 weeks. The Career Skills Program briefing is conducted the first Tuesday of the month.

Weather and Wildfire Information

Heat: A heat wave is any period of several weeks when temperatures are at least 10 degrees higher than average for the region. Extreme heat is a period of high heat and humidity with temperatures above 90 degrees for at least two to three days. In the United States, 400 people die each year from heat-related complications, more than from any other natural disaster. Prepare for Extreme Heat! Visit the Ready Army and ready.gov sites for additional preparedness information.

Tornado: Tornado season in Texas is typically March through August, but a tornado can occur any month of the year. Strong winds are the most destructive aspect with gusts reaching as high as 300 mph. Eighty percent of tornadoes occur between noon and midnight. While some areas are more prone to tornadoes than others, they can occur anywhere. If you are under a tornado warning, find safe shelter right away. Visit the Ready Army and ready.gov sites for additional preparedness information.

Wildfire: Fire season in Central Texas is typically May through October. However; Fort Hood is subject to range fires year around as we conduct training in our established range and training areas. Wildfires can start unexpectedly and spread quickly. You may not be aware of a wildfire until you are in danger, so it is important to be prepared. Visit the Ready Army and ready.gov sites for additional preparedness information.

Alert! Mass Warning and Notification System (MWNS)

The Alert! System is an emergency mass warning and notification system (MWNS) that provides Fort Hood with mass warning and notification during a crisis to warn affected military and DA civilian personnel. The Integrated Public Alert and Warning System (IPAWS), like the Amber Alert system, is used on Fort Hood to alert and warn all personnel in the Fort Hood area who are using a cell phone / smart phone.

The Alert! System relies on the contact information provided when individuals register. Anyone logging into a Fort Hood computer or network via the .mil connection and not previously registered will be prompted to register.

The Alert! MWNS can communicate via desktop pop-up, telephone, SMS and email. Ensuring your information is updated and correct helps increase Fort Hood Installation Operations Center notification capabilities and response times in emergency situations.

During emergencies, it is critical to be able to quickly and accurately inform Fort Hood personnel, notify them of threats and provide them with instructions. The system relies on the contact information you provide when registering with Alert!

See Something, Say Something

Suspicious activity is any observed behavior that could indicate anything from criminal activity to terrorism-related crime. This can include seeing unusually placed items or situations that are out of the ordinary, a person eliciting information such as the operations or security procedures for a facility or the personnel employed, or someone paying unusually close attention to facilities or operations beyond casual or professional interest. Some of these activities could be innocent. It is up to law enforcement to determine whether the behavior warrants investigation. The activities above are not all-inclusive, but have been compiled based on studies of pre-operational aspects of both successful and thwarted criminal and terrorist events over several years. Informed, alert communities play a critical role in keeping us safe. We can all help in keeping our community safe by paying attention to our surroundings and reporting suspicious activity to local law enforcement. If you see suspicious activity, report it to 288-COPS (2677) on Fort Hood or your local law enforcement agency immediately. Describe specifically

Fort Hood Community Information Sheet

what you observed to include who or what it was, when you saw it, where it occurred, and why it's suspicious. Your diligent observation and reporting of any suspicious activity could help someone in your community or prevent a crime or even a terrorist event.

Fort Hood Critical Information List

Operations Security protects sensitive, but generally unclassified information that is critical to our mission. Critical information consists of *specific* facts about our *capabilities, activities, limitations, and intentions* (CALI). The critical information is so vital to the mission that if the adversary obtains it, correctly analyzes it, and acts upon it, the compromise could prevent or seriously degrade mission success. The Critical information List (CIL) documents an organization's critical information that should be protected. The Fort Hood CIL is as follows:

- **Sensitive Reports:** reports containing sensitive and / or personally identifiable information (PII) or information pertaining to mission readiness such as blotters, battle damage assessments, recall rosters, manning documents, etc.
- **Emerging Tactics, Techniques, and Procedures (TTP):** newly administered TTPs to improve mission effectiveness such as ways to avoid or detect IEDs, convoy protection methods, etc.
- **Network & Communications Related:** call signs, frequencies, passwords, Automated Information Systems (AIS) protection (types used, measures, and procedures), changes in message volume, etc.
- **Security Plans and Procedures:** Random Antiterrorism Measures, shift change for guards, changes in Force Protection Conditions (FPCON), Defense Conditions (DEFCON) or Information Conditions (INFOCON), etc.
- **Intelligence, Surveillance and Reconnaissance (ISR):** intelligence resources, collection techniques, ongoing operations and goals, counterintelligence operations, etc.
- **Troop Movements & Travel:** deployment / redeployment Date-Time-Group (DTG), locations, itineraries, ports, routes, embarkation points, very important person (VIP) / High Risk Personnel (HRP) travel, temporary duty (TDY) orders, leave for large groups or entire units, emergency recall of personnel, etc.
- **Information Pertaining to Current / Future Operations (FUOPS):** deployment plans, exercises, scope of operations, planning details, specific Courses of Action (COA) for forces, Rules of Engagement (ROE) / Rules for Use of Force (RUF), Military Information Support Operations (MISO), and Military Deception operations (MILDEC), Security Access Program (SAP) elements in contracts, etc.
- **Vulnerabilities:** a condition that allows the adversary time to observe, orient, decide and act against us in areas such as critical infrastructure, building schematics that show security weaknesses, physical security shortfalls, etc.
- **Equipment Specifications and Limitations:** shortfalls, vehicle schematics, vehicle battle damage assessments, weapons systems, research, and development (R&D) projects, electronic systems, software used in new systems, etc.
