Celebrity Mystery Theater Presents "The Murder of Noah Boddy"

The audience are "enlisted student detectives", who have gathered to meet under the instruction of Mr. Sherlock Holmes; the world's greatest super sleuth and Lt. Columbo of the NYPD. The facts of a recent crime is presented and it is up to the audience to help them solve it by reviewing the evidence, lab reports, fingerprint analysis, DNA samples, and reviewing testimonies from suspects and witnesses. These two famous detective school instructors are the formula for the perfect comedic couple!
