### **Community Flu Vaccinations – Postponed due to delays in shipment**

Originally scheduled to begin October 15, 2018, the flu vaccine will be available for community members in early November.

### **Community flu shots postponed due to delays in shipment**

FORT HOOD, Texas - Due to shipment delays, Carl R. Darnall Army Medical Center officials have postponed the start of the community flu shot program. Originally set to begin Oct. 15, current information suggest the flu vaccine will be available for community members in early November.

We apologize for any inconvenience this delay may cause.

The current delay is not expected to affect the community flu vaccine round up set for 9 a.m. - 2 p.m., Dec. 1 at the Clear Creek PX.

The community round up is open to all eligible TRICARE beneficiaries.

Family Members and Retirees may obtain a flu shot at a TRICARE-authorized pharmacy. Beneficiaries are encouraged to check the policies and procedures of their preferred pharmacy prior to obtaining the vaccine. Some pharmacies require a prescription for children under seven years old. Parents can obtain a prescription from their primary care manager.

For more information, call (254) 288-8888.

---

#### **Halloween Support**

##### **Police Presence**

- The DES will provide an increased police presence in all Fort Hood Housing areas on Halloween Night from 6:00 pm – 8:00 pm
- Police patrols will include both mounted and dismounted to ensure everyone has a safe Trick or Treating experience

##### **Trick or Treating Safety Tips**

- Halloween is one of the installation's lowest crime nights
- Turn on your porch lights if you are participating in Trick-or-Treating
- Wear bright-colored clothing or reflective material to make you easier to see in hours of darkness
- Carrying flashlights will help children see and be seen more clearly
- SLOW DOWN
- Watch for children walking in between cars and darting across roads
- Use sidewalks
- Know where your children will be going and who they will be with. Establish a route to be taken to and from their destination.
- Set time limits and check in times
- Children should be reminded not to enter ANYONE'S home
- Insist that treats be brought home for inspection before anything is eaten

##### **Fire Safety**

- Choose costumes, wigs, and props that are flame resistant/retardant
  - Avoid candles, if at all possible, and tell children to stay away from open flames including jack-o-lanterns with candles in them
  - Remember keep exits clear of decorations, so nothing blocks escape routes
  - Did you know that decorations are the first thing to ignite in 900 reported home fires each year?
  - Two of every five of these fires were started by a candle
- For more information, call (254) 288-2158.

### Road Closure:

Effective May 30, 2017, the Mohawk Gate (ACP 15) changed hours of operation to 5:00 am – 6:00 pm. Traffic throughput levels did not necessitate the continued operation of this gate past 6:00 pm. The DES continues to analyze traffic throughput and will make adjustments as necessary.

• • •

### Effective Tuesday, September 1, 2015, the installation access processes changed as follows:

- All Soldiers, Family Members, DoD Civilians, Retirees and any other DoD identification card holder will show their DoD ID at the gate for entrance to the installation. Passengers (with proper ID) can be escorted onto the installation.
- Customers who routinely access Fort Hood can get an extended access pass at the visitor center, i.e. contractors, school teachers, bank workers, but will not be able to escort other visitors. These customers can get a bulk issue of passes for their employees. Business owners or management staff will submit a memo to DES with employee(s) name(s), date of birth, driver's license number / state ID and last 4 of social security number.
- All non-DoD drivers and passengers are required to report to the Visitors Welcome Center to obtain an installation access pass. Children under 17 years of age may be vouched for by an adult.
- The Visitors Welcome Center is open 24 hours per day.
- There is no change to the firearms registration program. All firearms must be registered prior to transporting onto Fort Hood. Firearms registration can be completed at the Visitors Welcome Center or the Military Police station on 58th and Battalion Avenue.

### ***See Something, Say Something***

Suspicious activity is any observed behavior that could indicate anything from criminal activity to terrorism-related crime. This can include seeing unusually placed items or situations that are out of the ordinary, a person eliciting information such as the operations or security procedures for a facility or the personnel employed, or someone paying unusually close attention to facilities or operations beyond casual or professional interest. Some of these activities could be innocent. It is up to law enforcement to determine whether the behavior warrants investigation. The activities above are not all-inclusive, but have been compiled based on studies of pre-operational aspects of both successful and thwarted criminal and terrorist events over several years.

Informed, alert communities play a critical role in keeping us safe. We can all help in keeping our community safe by paying attention to our surroundings and reporting suspicious activity to local law enforcement. If you see suspicious activity, report it to 288-COPS (2677) on Fort Hood or your local law enforcement agency immediately. Describe specifically what you observed to include who or what it was, when you saw it, where it occurred, and why it's suspicious. Your diligent observation and reporting of any suspicious activity could help someone in your community or prevent a crime or even a terrorist event.

For more information, contact Mr. James Brooks (254) 287-6026 or Ms. Lacey Eide (254) 285-6412, USAG Fort Hood OPSEC Managers.

## Fort Hood Critical Information List

Operations Security protects sensitive, but generally unclassified information that is critical to our mission. Critical information consists of *specific* facts about our *capabilities, activities, limitations and intentions* (CALI). The critical information is so vital to the mission that if the adversary obtains it, correctly analyzes it, and acts upon it, the compromise could prevent or seriously degrade mission success. The Critical information List (CIL) documents an organization's critical information that should be protected. The Fort Hood CIL is as follows:

- **S**ensitive Reports: reports containing sensitive and / or personally identifiable information (PII) or information pertaining to mission readiness such as blotters, battle damage assessments, recall rosters, manning documents, etc.
- **E**merging Tactics, Techniques, and Procedures (TTP): newly administered TTPs to improve mission effectiveness such as ways to avoid or detect IEDs, convoy protection methods, etc.
- **N**etwork & Communications Related: call signs, frequencies, passwords, Automated Information Systems (AIS) protection (types used, measures, and procedures), changes in message volume, etc.
- **S**ecurity Plans and Procedures: Random Antiterrorism Measures, shift change for guards, changes in Force Protection Conditions (FPCON), Defense Conditions (DEFCON) or Information Conditions (INFOCON), etc.
- **I**ntelligence, Surveillance and Reconnaissance (ISR): intelligence resources, collection techniques, ongoing operations and goals, counterintelligence operations, etc.
- **T**roop Movements & Travel: deployment / redeployment Date-Time-Group (DTG), locations, itineraries, ports, routes, embarkation points, VIP / High Risk Personnel (HRP) travel, TDY orders, leave for large groups or entire units, emergency recall of personnel, etc.
- **I**nformation Pertaining to Current / Future Operations (FUOPS): deployment plans, exercises, scope of operations, planning details, specific Courses of Action (COA) for forces, Rules of Engagement (ROE) / Rules for Use of Force (RUF), Military Information Support Operations (MISO), and Military Deception operations (MILDEC), Security Access Program (SAP) elements in contracts, etc.
- **V**ulnerabilities: a condition that allows the adversary time to observe, orient, decide and act against us in areas such as critical infrastructure, building schematics that show security weaknesses, physical security shortfalls, etc.
- **E**quipment Specifications and Limitations: shortfalls, vehicle schematics, vehicle battle damage assessments, weapons systems, research and development (R&D) projects, electronic systems, software used in new systems, etc.

#### [Army Emergency Relief \(AER\)](#)

##### Did You Know...

**...Army Emergency Relief has provided more than \$1.7 billion in assistance to Soldiers and Families since 1942?** That assistance has been provided to more than 3.6 million Soldiers and Families in the form of no-interest loans and grants, as well as scholarships to Children and Spouses of Soldiers. Each case is evaluated on its own merits and there is no “boiler-plate” answer. AER should be the first stop when a Soldier is confronted with a financial emergency. contact AER for further information! Let them know how they can be of assistance.

**...Army Emergency Relief has reciprocal agreements with the other Service Aid Societies?** AER assistance is available at any of the 78 AER sections located on Army installations around the world. However, if you find yourself in a situation where you are not near an Army installation, AER has agreements with the Air Force Aid Society, the Navy-Marine Corps Relief Society and Coast Guard Mutual Assistance. All can...and have processed AER assistance requests. Additionally, if you are not near any military installation, AER also has an agreement with the American Red Cross. Just call their 24 hour call center at 877-272-7337 and they can process your request.

By submitting your issues to AFAP, you shed light on the concerns you have with the quality of life within the Army and give leadership your ideas on how to resolve those issues.

AFAP issues can be submitted to any AFAP Issue Submission box (located at various locations on post); Army Community Service; Oveta Culp Hobby Soldier & Family Readiness Center (OCHSFRC); faxed to (254) 288-3650, emailed to [usarmy.hood.imcom-fmwrc.list.ACS-AFAP@mail.mil](mailto:usarmy.hood.imcom-fmwrc.list.ACS-AFAP@mail.mil), or submitted online through [www.myarmyonesource.com](http://www.myarmyonesource.com) (AFAP Issue Management System).

### **Emergency Communications:**

The American Red Cross provides timely, factual reports about Family emergencies, such as a death, illness or birth, to Service Members wherever they are stationed. When a request is generated as a result of an emergency situation, defined as "a sudden, generally unexpected, occurrence of a time-critical and short-term nature that disrupts or threatens to disrupt the norm and that demands immediate action or attention," the American Red Cross provides a third-party verification of the emergency for the Service Member. Emergency Communications allows Service Members who are separated from their Families to remain in contact when time and accuracy are critical. The Emergency Communications Center and American Red Cross offices worldwide provide Emergency Communications around the clock.
