ACP Helps Military Spouses Advance Their Careers

American Corporate Partners (ACP) is a nationwide, nonprofit organization that proudly assists America's veterans in their transitions from the military to their next careers.

For more than 10 years, ACP has provided transitioning service members with free, year-long, customized mentorships with experienced volunteer businessmen and women across the country. More than 13,000 veterans have completed ACP's program.

Today, ACP is offering career mentorships to **active duty military spouses**. Space is limited; applications will be taken on a first come, first served basis.

Whether you have recently moved locations, are considering a new career or starting a business, ACP has mentors offering their assistance. Our mentors are corporate volunteers with years of experience. ACP can help with **career exploration, résumé review, interview preparation, networking, career coaching** and overall **professional development**.

American patriots want to assist you as you develop your career.
