Cold and Flu Season

- Centers for Disease Control and Prevention (CDC) recommends annual influenza vaccination for people 6 months and older.
- Influenza can cause serious complications, particularly among young children, older adults, pregnant women and people with certain chronic health conditions.

West Nile Virus

- The season for West Nile virus in the started weeks earlier than normal (normally August/September).
- Per the CDC, 2026 has had the most intense start since 2004.
- Cases are 5X the historical average, with Texas ranked as #2.
- Use the “four D’s” Dress, DEET, Drain, and Dusk to Dawn.

Walk to Remember

- October 19th, 6 – 7 p.m. at IIIAC track (parade field).
- For Soldiers, Families, staff, and the CRDAMC community.
- Remember babies lost through miscarriage, stillbirth, infant loss or other pregnancy-related loss.
- This event promotes healing, hope, resilience, and compassionate support.

Schools Council Meeting Feedback

Summary of Feedback from Survey

TOPIC: Special Education/IEP

- Consistent information to military and EFMP families on IEP process and implementation from the district as well as parent information classes.
- Increase transition support programs for students with disabilities 18 years and older through more formalized partnership linking Fort Hood education/EFMP resources, local school districts, community organizations, and vocational/adult-service providers.

TOPIC: Student Success – Transfers/Transportation

- Families face severe child-care constraints due off-post alternatives open too late (0600) to reliably support early military reporting requirements and limited options to transfer to on-post programs.
- School choice for military Families limited.
