### Weather and Wildfire Information

Listed below are resources Fort Hood units and Family members may use to increase preparedness and reduce risks associated with tornado and wildfire season.

**Tornado:** Tornado season in Texas is typically March through August, but a tornado can occur any month of the year. Strong winds are the most destructive aspect, with gusts reaching as high as 300 mph. Eighty percent of tornadoes occur between noon and midnight. While some areas are more prone to tornadoes than others, they can occur anywhere, so it is best to be prepared.

**Wildfire:** Fire season in Central Texas is typically May through October. However; Fort Hood is subject to range fires year around as we conduct training in our established range and training areas. Wildfires can start unexpectedly and spread quickly. You may not be aware of a wildfire until you are in danger, so it is important to be prepared.

For more information, contact Mr. Fred Corbin, USAG, Fort Hood Emergency Management Specialist at (254) 553-2782.

### Ready Army

READY ARMY is the Army's proactive campaign to increase the resilience of the Army community, enhance the readiness of the force by informing Soldiers, their Families, Army Civilians and Contractors of relevant hazards, and encouraging them to Be Informed, Make a Plan, Build a Kit and Get Involved. The READY ARMY website <http://ready.army.mil/> is a great place to start.

Commanders, Directors / Office Chiefs and Facility Managers should confirm Emergency Action Plans (EAP) are written, rehearsed and validated for their units / organizations. Mr. Fred Corbin is our Fort Hood Ready Army POC and can assist units and organizations such as Family Readiness Groups with increasing awareness and the Ready Army program. Listed below are resources Fort Hood units and Family members may use to increase preparedness and obtain information to **Be informed, Make a plan, Build a Kit** and **Get involved**.

1. The 3rd Weather Squadron forecast updates are available at <http://www.hood.army.mil/3ws/>

### **AtHoc – Integrated Warning System Fort Hood Mass Warning and Notification System**

AtHoc is an emergency mass notification system that provides Fort Hood with an effective and reliable Mass Warning and Notification System that can be used during a crisis to warn affected military and DA civilian personnel. The Integrated Public Alert and Warning System (IPAWS) is similar to the Amber Alert system and is used on Fort Hood to alert and warn all personnel in the Fort Hood area who are using a cell phone/smart phone. The AtHoc system relies on the contact information provided when individuals register with AtHoc on-line. The AtHoc system alerts via multiple and redundant means, including computer desktop notifications (pop-ups), land line phones, mobile phones, emails and SMS texts. This allows the Fort Hood Installation Operations Center to notify personnel of an active or emergent event on the installation, or emergency instructions on necessary actions to take during a large scale emergency.

Visit Fort Hood page at <http://www.hood.army.mil/> for AtHoc registration instructions (click the Purple Globe).

### **National Preparedness Month**

The National Preparedness Month (NPM), recognized each September is a nation-wide campaign to raise awareness on the importance of preparing for and responding to emergencies including natural and man-made disasters; its goal is to get the public involved and increase basic preparedness levels across the nation.

Ready Army Community Awareness Training will be presented as a focus area during the Army Antiterrorism Awareness Month Training at Howze Auditorium 6 AUG 19 (1400 - 1430), 13 AUG 19 (1000 - 1030), 20 AUG 19 (1400 - 1430), and 27 AUG 19 (1400 - 1430) in preparation for National Preparedness Month.

Leaders are encouraged to conduct national preparedness training with their subordinates throughout the month of September per III Corps OPORD, 19-05-0362 (National Preparedness Month, September 2019). Brigade and above Command Teams (or their representatives), III Corps Primary Staff, and those whom will soon assume these positions, are invited to attend one of the following Emergency Operations Center (EOC) 101 professional development sessions 10 SEP 19 (1000 - 1100), 17 SEP 19 (1330 - 1430), and 25 SEP 19 (1000 - 1100) at the Fort Hood EOC, Building 1001, Room W-217. ### ***See Something, Say Something***

Suspicious activity is any observed behavior that could indicate anything from criminal activity to terrorism-related crime. This can include seeing unusually placed items or situations that are out of the ordinary, a person eliciting information such as the operations or security procedures for a facility or the personnel employed, or someone paying unusually close attention to facilities or operations beyond casual or professional interest. Some of these activities could be innocent. It is up to law enforcement to determine whether the behavior warrants investigation. The activities above are not all-inclusive, but have been compiled based on studies of pre-operational aspects of both successful and thwarted criminal and terrorist events over several years.

## Fort Hood Community Information

---

Informed, alert communities play a critical role in keeping us safe. We can all help in keeping our community safe by paying attention to our surroundings and reporting suspicious activity to local law enforcement. If you see suspicious activity, report it to 288-COPS (2677) on Fort Hood or your local law enforcement agency immediately. Describe specifically what you observed to include who or what it was, when you saw it, where it occurred, and why it's suspicious. Your diligent observation and reporting of any suspicious activity could help someone in your community or prevent a crime or even a terrorist event.

### Fort Hood Critical Information List

Operations Security protects sensitive, but generally unclassified information that is critical to our mission. Critical information consists of *specific* facts about our *capabilities, activities, limitations and intentions* (CALI). The critical information is so vital to the mission that if the adversary obtains it, correctly analyzes it, and acts upon it, the compromise could prevent or seriously degrade mission success. The Critical information List (CIL) documents an organization's critical information that should be protected. The Fort Hood CIL is as follows:

- **S**ensitive Reports: reports containing sensitive and / or personally identifiable information (PII) or information pertaining to mission readiness such as blotters, battle damage assessments, recall rosters, manning documents, etc.
- **E**merging Tactics, Techniques, and Procedures (TTP): newly administered TTPs to improve mission effectiveness such as ways to avoid or detect IEDs, convoy protection methods, etc.
- **N**etwork & Communications Related: call signs, frequencies, passwords, Automated Information Systems (AIS) protection (types used, measures, and procedures), changes in message volume, etc.
- **S**ecurity Plans and Procedures: Random Antiterrorism Measures, shift change for guards, changes in Force Protection Conditions (FPCON), Defense Conditions (DEFCON) or Information Conditions (INFOCON), etc.

**...Army Emergency Relief has reciprocal agreements with the other Service Aid Societies?** AER assistance is available at any of the 78 AER sections located on Army installations around the world. However, if you find yourself in a situation where you are not near an Army installation, AER has agreements with the Air Force Aid Society, the Navy-Marine Corps Relief Society and Coast Guard Mutual Assistance. All can...and have processed AER assistance requests. Additionally, if you are not near any military installation, AER also has an agreement with the American Red Cross.
