COMMUNITY SERVICES COUNCIL MEETING – September 25, 2019

BLUE CARD UPDATES

TOPIC 1: Sam Adams Pub Service is slow

- **Explanation/Discussion:** Visited the Pub for lunch advertised for the lunch advertised for the summer Fridays 11:00 am – 2:00 pm. The Pub was empty. The service was so slow that we were almost late returning to work. We took our food to go and ate in the office.
- **Proposed Recommendation:** Improve service so soldiers will want to eat lunch there.
- **Response:** Thank you for your comment and we apologize for the service delay. Samuel Adams continues to identifying ways to speed up food service delivery and improve the customer's overall experience through staffing adjustments, training, and menu offerings. Thank you again for your comment.

HOW the CFC Works for Donors

1. Choose your cause

Whether you care about youth development, military families, housing and shelter, or animal welfare—the CFC has a charity for any cause you want to support. You can even give to multiple charities with one pledge.

2. Make your pledge

The online pledge portal at opm.gov/ShowSomeLoveCFC allows you to easily renew your pledge each year and offers the full range of pledge options:

- Payroll deduction
- Credit/debit card
- E-check
- Volunteer hours

Paper pledge forms are also available upon request.

3. Help is on the way

Thanks to your generosity, your chosen charities will make a difference in your local community, across the nation, and around the world.

YOUTH ENVIRONMENTAL AMBASSADORS!

The Cen-Tex Sustainable Communities Partnership in collaboration with Fort Hood Recycle, Child & Youth Services (CYS), and the School Liaison Office Adopt-A-School Program are kicking off the school year with the Youth Environmental Ambassadors! (YEA!) Program to empower youth to make a meaningful difference within their school's footprint and community and lead in sustainability efforts in the Central Texas region.

Schools are challenged to participate in one or more of the following initiatives:

- 1 Oct - 30 Apr:** Lights Out Lunch
- 1-31 Oct:** Texas Recycles! Poster Contest
- 15 Nov - 15 Dec:** Greater Fort Hood Area Recycle Bowl
- 1 Feb - 30 Apr:** School Beautification Challenge
- 1-7 Apr:** Don't Mess with Texas Trash-Off
- 1-25 May:** Beyond the Writing

The following districts are eligible to participate: Killeen ISD, Copperas Cove ISD, Belton ISD, Temple ISD, Salado ISD, Lampasas ISD, Jarrell ISD, Florence ISD, and Gatesville ISD. Public and private schools within these districts, including the city of Harker Heights, Nolanville, and Fort Hood, are encouraged to participate in the YEA! Program.

Public schools have an Adopt-A-School unit and are encouraged to use this program as a resource to help with interested environmental initiatives. If you do not have a unit point of contact, please call the CYS Fort Hood School Liaison Office at 254-553-3341 or email usarmy.hood.imcom-fmwrc.list.cyss-slo@mail.mil and the requested information will be provided.

Schools that participate in at least one of the initiatives will receive a suncatcher for participating in the YEA! Program. The Cen-Tex Sustainable Communities Partnership will award a \$200 grant to a public or private school that participates in the most initiatives. If there is a tie, a winner will be selected based on environmental impact and volunteer efforts.

Register for the YEA! Program at the following link:

FORT HOOD DPW ENERGY MANAGEMENT BRANCH

ENERGY AWARENESS MONTH

1-31 OCTOBER

Why is conservation important?

Every penny in energy savings counts and adds up on Fort Hood. Funds saved on energy use means more money for other initiatives, such as maintaining buildings and roads. Fort Hood's electric bill is one of the highest costs on the installation, with millions of dollars spent annually. The Fort Hood Directorate of Public Works Energy Management Branch is encouraging everyone to take action and recognize they have a part in reducing energy use on the installation. Making smart energy choices at home and at work has long-term financial and environmental benefits.

Office Energy Checklist

- Turn off monitors at the end of the work day or when leaving work areas for an extended time.
- Turn off lights when you leave.
- Use natural lighting or daylighting. When feasible, turn off lights near windows.
- Close or adjust window blinds to block direct sunlight to reduce cooling needs during warm months. Overhangs or exterior window covers are most effective to block sunlight on south facing windows.
- Use task lighting: instead of brightly lighting an entire room, focus the light where you need it, to directly illuminate work areas.
- In the winter months, open blinds on south-facing windows during the day to allow sunlight to naturally heat your workspace. At night, close the blinds to reduce heat loss.
- Unplug equipment that drains energy when not in use (i.e. cell phone chargers, fans, coffeemakers, desktop printers, radios, etc.)
- Save paper. Photocopy only what you need. Always use the second side of paper, either by printing on both sides or using the blank side as scrap paper.
- Carpool, bike, or use mass transit when commuting to work.

FOR MORE INFORMATION ABOUT ENERGY CONSERVATION, CALL 254-287-SAVE.
