BLUE CARD UPDATES

BLUE CARD UPDATES

TOPIC 1: Minute Notes

EXPLANATION/DISCUSSION: Slides are great, but minute notes that are already being captured should be send to entire distro list.

PROPOSED RECOMMENDATION: Please send out notes.

RESPONSE: CSC slides available on MWR website prior to, during and after CSC. Facebook live recording is publicly available during and after every CSC. Attendance is emphasized by Leadership as you are receiving real time information. CSC is a dynamic forum for identifying and resolving Army family issues and serves as a valuable communication link for community residents concerning programs, activities and facilities.

BLUE CARD UPDATES

TOPIC 2: Requesting Command Climate Surveys (CCS) to be sent to every Fort Hood Civilian Organization

EXPLANATION/DISCUSSION: I have worked for a Garrison Organization with Ft. Hood for many years. I question how the organization is operating and have for a long time. I know our military receives CCS at least annually and if issues, concerns, or problems are noted investigations occur.

PROPOSED RECOMMENDATION: Submit CCSs, take note and action the comments and concerns submitted, investigate to provide a solution, and help solve problems behind scenes. We support our Military, now it's time to help us be better from the top down to provide internal resiliency.

BLUE CARD UPDATES

RESPONSE: We encourage the submitter to address their specific concerns through management, EEO, or IG channels. The lack of specificity as to organization and issues makes it challenging to address. Additionally, EEO is working to release the annual Command Climate Survey (CCS). Once the results are available, the Garrison Command Group will brief the workforce along with a Commander's Action Plan to address areas of concern.
